Internal Board Policies - Board MembersCode of Ethics

It shall be the policy of Humphrey Public Schools that members of the Board of Education will exercise their responsibilities in accordance with the following Code of Ethics:

1. As a member of the local Board of Education, representing all the citizens of the Humphrey School District, each Board member will recognize:
 - a. That he or she has been entrusted with the educational development of the children and youth of the community.
 - b. That the community expects that the first and greatest concern of a school Board member will be the best interest of each and every one of the young people enrolled in the district's schools.
 - c. That the future welfare of this community, of this state, and of our nation depends in the largest measure upon the quality of education provided in Humphrey Public School to meet the needs of every learner.
 - d. That members of the Board of Education must collectively take the initiative in helping all the people in this community to have updated, accurate information about the public schools system, and to provide the finest possible school programs, school staff, and school facilities.
 - e. That by statute the authority of the Board of Education is derived from the state which is ultimately responsible for the organization and operation of the public schools and which determines the degree of discretionary power exercised by the Board representing the people of the Humphrey community.
 - f. That a school Board member must never neglect his or her personal obligation to the community and legal obligation to the State of Nebraska, nor surrender these responsibilities to any other person, group or organization; but that, beyond this, each school Board member has a moral and civic obligation to our country which can remain strong and free only so long as public schools in the United States are kept strong and free.
2. In view of the foregoing consideration, it must be the constant endeavor of each school Board member:
 - a. To devote time, thought and study to the duties and responsibilities of a school Board member so that he/she may render effective and creditable service.

- b. To work with fellow school Board members in a spirit of harmony and cooperation so as to convert differences of opinion which arise during discussion and debate into a consensus for the benefit of the students enrolled in Humphrey Public Schools.
- c. To base personal decisions upon all available facts in each situation, to vote honest conviction in every case, unswayed by partisan bias of any kind; thereafter, to abide by and uphold the final majority decision of the Board of Education.
- d. To remember at all times that individual Board members have no local authority outside the meetings of the Board of Education, and to conduct relationships with school staff members, local citizens, and all media of communication on the basis of this fact.
- e. To resist every temptation and outside pressure to use the position as a school Board member to benefit either oneself or any other individual or agency apart from the total interest of the school system.
- f. To recognize that it is as important for the Board of Education to understand and evaluate the educational program of Humphrey Public Schools as it is to plan for the business of the school district.
- g. To bear in mind under all circumstances that the primary function of the Board of Education is to establish and maintain the policies by which the schools are to be administered, but that the administration of the educational program and the conduct of school business shall be the primary responsibility of the Superintendent of Schools and the professional and non-professional staff members who are employed to work with the Superintendent of Schools.
- h. To welcome and encourage active cooperation by citizens, organizations, and the media of communication in Humphrey Public Schools with respect to the establishment of policy on current school operation and proposed future developments.
- i. To strive step by step to achieve the ideal conditions for the most effective service by a Board of Education to its community, in a spirit of teamwork and unwavering commitment to the American system of public education as a primary means for preservation and perpetuation of our representative democracy.

Internal Board Policies - Methods of OperationMethods of Operation

It shall be the policy of Humphrey Public Schools that the Board of Education exercises authority over the schools in accordance with applicable laws. It determines policy; delegates executive supervisory and instructional authority to its employees; and appraises results achieved in light of goals established by the Board of Education.

The Board of Education shall direct its attention primarily to broad questions of policy and the appraisal of results rather than to administrative details. It shall be recognized that the implementation and the application of policy is an administrative task to be performed by the Superintendent of Schools and professional and non-professional staff elected to work with the Superintendent of Schools. The Superintendent and Principals shall be held responsible for the effective administration and supervision of Humphrey Public Schools and its policies.

All matters to be submitted to the Board of Education shall first be brought to the Superintendent of Schools for study, analysis, review and recommendation. The Superintendent will present to the Board of Education those matters which require formal action by the Board of Education.

Internal Board Policies - Methods of OperationMeetings

The formation of school policy is a public matter and final action on such a matter must be taken in an open meeting. Every meeting of the Board of Education shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of the Board of Education, except as otherwise provided by the Constitution of the State of Nebraska, and by federal and state law.

The term "meeting" shall refer to all regular, special, or called meetings, formal or informal, of the Board of Education for the purpose of briefing, discussing public business, forming tentative policy, or taking any action of the Board of Education. This definition of "meeting" includes any meeting of an advisory committee of the Board of Education, but specifically excludes any meeting of a subcommittee, or standing committee, of the Board of Education unless such subcommittee or standing committee has been given the authority to take formal action on behalf of the Board.

Since members of the Board of Education are unable to function officially as individuals, the meeting of the Board of Education will present an opportunity for the school program to be discussed and appraised and for individual biases and opinions to be aired as the members of the Board of Education strive for consensus decisions on specific issues. In addition, the meeting will provide an appropriate place for items of interest or concern to individual citizens or groups of the school community to be heard and considered. The Board of Education will take formal action only when the Board is meeting in open session.
